#### **DIRECTORS' REPORT**

Directors of Pervez Ahmed Securities Limited, are pleased to present the seventh annual report of the Company for the year ended June 30, 2012 along with the financial statements and auditor's report thereon.

#### **Economic Review**

GDP growth rate for FY 2012 was recorded 3.7% (Target 4.2) as against 2.4% growth last year. High oil prices once against negatively affected the economy coupled with high interest rates, power crises and gas shortage prevailing in the country. Bad law and order situation is also a factor that hinders the flow of foreign investment in Pakistan. On positive side the remittances increased to US\$ 13.2 billion (18% increase YoY) and inflation numbers also showed declining trend. The recent decline in discount rate by 150 bps showed the positive sign for the next fiscal year.

#### **Capital Market Review**

The benchmark KSE-100 index gained 10.45% during the FY 2012. The first six months were a period of low volumes and index was unable to show declining trend but from the new calendar year starts the volumes (up 33% YoY) continued to increase followed by healthy market gains on the back of positive developments of CGT, MTS and high corporate earnings in E & P, banking and Cement sectors.

The political unrest on the back of upcoming elections, US Pak relationship and demutualization are the key triggers that will influence the market performance in the upcoming year.

#### **Financial Review**

The Financial results of the Company for the year ended June 30, 2012 are as under

	Year Ended		
	June 30,2012 Rupees	June 30,2011 Rupees	
Operating revenue	33,000	934,365	
Operating (loss)	(3,264,747)	(2,371,844)	
Finance cost	(35,737)	(20,464,413)	
Surplus / (Deficit) on remeasurement of investments	1,312,895	(3,709,839)	
(Loss) before taxation	(23,966,426)	(10,908,538)	
Taxation	(3,300)	(74,766)	
(Loss) after taxation	(23,969,726)	(10,983,304)	
Earnings per share - Basic	(0.31)	(0.14)	

#### **Financial Results of the Company**

Although our operating revenues are lower as compared to last year mainly due to slow operating activities but on the other hand we continued our efforts to cut down operating & financial charges.

The auditors have expressed an adverse opinion in their report with respect to going concern assumption and non providing of mark-up amounting to Rs. 16.78 million. However the management considers that the going concern assumption used in preparation of these financial statements is appropriate keeping in view of settlement of major portion of bank borrowings, continuous support from directors and proposed diversification plan to run the affairs of the Company and to make it a profitable venture. Whereas negotiations with the banks regarding settlement of loans are in process and hopefully no additional mark-up will be paid on the new terms.

#### **Future Outlook**

Besides the political and law and order challenges positive economic activity is expected on the back of lowering inflation and interest rates. We might see a stable positive development in the Karachi Stock market on the back of improving economic indicators

The management of the Company is committed to run the affairs of the Company and efforts are being made to revive the Company by way of right issue and make the Company profitable by diversifying its operations.

#### **Statement of Ethics & Business Practices**

The Board has prepared and circulated the Statement of Ethics and Business Practices signed by every director and employee of the Company as a token of acknowledgement of his/her understanding of the standards of conduct in relation to everybody associated or dealing with the Company.

#### **Dividend**

In view of the adverse results in the current year, negative cash flow and available accumulated losses, dividend can not be declared.

#### **Book Closure**

The Share Transfer Books of the Company will remain closed and no transfer of shares will be accepted for registration from October 27, 2012 to November 1, 2012 (both days inclusive). Transfer received by our Shares Registrar, M/s THK Associates (Pvt.) Limited - Ground Floor, State Life Building No 3, Dr. Ziauddin Ahmed Road, Karachi at the close of business on October 26, 2012 will be considered to attend and vote at the meeting.

#### **Pattern of Shareholding**

The Statement of Pattern of Shareholding along with categories of shareholders of the Company as at June 30, 2012 as required under section 236 of the Companies Ordinance 1984 and Code of Corporate Governance are annexed with this report.

#### **Operating and Financial Data**

#### **REVIEW REPORT TO THE MEMBERS**

## ON STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of **PERVEZ AHMED SECURITIES LIMITED**, to comply with the Listing Regulations of the Karachi Stock Exchange and Lahore Stock Exchange respectively, where the Company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal controls systems sufficient to plan the audit and develop an effective audit approach. We have not carried out any special review of the internal control system to enable us to express an opinion as to whether the Board's statement on internal control covers all controls and the effectiveness of such internal controls.

Further, Sub-Regulation (xiii-a) of Listing Regulations 35 notified by The Karachi Stock Exchange (Guarantee) Limited vide circular KSE/N-269 dated January 19, 2009 requires the Company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price, recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2012.

## PERVEZ AHMED SECURITIES LIMITED AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed balance sheet of **PERVEZ AHMED SECURITIES LIMITED** as at June 30, 2012 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that;

a) as explained in note 1.2 to the financial statements, the Company has prepared these financial statements on going concern assumption. However, the Company has incurred net loss of Rs. 23.970 million during the year and has accumulated loss of Rs. 1,614.943 million as at the balance sheet date. The total liabilities of the Company exceed its total assets by Rs. 546.967 million and its current liabilities exceed its current assets by Rs. 656.420 million. Furthermore, as explained in notes 14.1 and 19 to the financial statements, the Company has defaulted in the repayment of its loan liabilities that may invoke potential demand of outright payment from the lending bank and one of the creditors has filed a suit for the recovery of its outstanding liabilities.

In view of the matters discussed in the preceding paragraph, we consider that in the absence of any favorable settlement with lending banks / creditors, ability to obtain further financing and revival of its operations, the Company may not be able to settle its liabilities and realize its assets in the normal course of the business. Consequently the going concern assumption used in the preparation of the annexed financial statements is not appropriate and adjustments may be required to the recorded asset amounts and classification of liabilities. The financial statements do not disclose this fact.

 mark up on long term and short term finances, for the year ending June 30, 2012, amounting to Rs. 16.779 million has not been provided for in the financial statements.
 Had this markup been provided for, net loss for year and accumulated loss would have been increased by the said amount.

- c) in our opinion, except for the effect of matters described in paragraphs (a) and (b) above, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984.
- d) in our opinion, except for the effect of matters described in paragraphs (a) and (b) above:
  - the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with the accounting policies consistently applied;
  - ii. the expenditure incurred during the year was for the purpose of the Company's business; and
  - iii. the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- e) in our opinion and to the best of our information and according to explanations given to us, because of the effect of matters described in paragraphs (a) and (b) above, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof do not conform with approved accounting standards as applicable in Pakistan, and give the information required by the Companies Ordinance, 1984, in the manner so required and respectively do not give a true and fair view of the state of the Company's affairs as at June 30, 2012 and of the loss, total comprehensive loss, its cash flows and changes in equity for the year then ended; and
- f) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

# NOTES TO AND FORMING THE PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

Note 1 The Company and its Operations

**1.1** Pervez Ahmed Securities Limited was incorporated under the Companies Ordinance, 1984 on June 8, 2005 as a single member company and was listed on Karachi and Lahore Stock Exchanges on June 21, 2007. The principal activities of the Company include shares brokerage and trading, consultancy services and underwriting. The registered office of the Company is situated at 20-K Gulberg II, Lahore.

#### 1.2 Going concern assumption

The Company has accumulated losses of Rs. 1,614.943 million (2011: Rs. 1,590.973 million) and incurred net loss for the year of Rs. 23.970 million (2011: loss of Rs. 10.983 million). The current liabilities of the Company exceed its current assets by Rs. 656.420 million (2011: Rs. 655.844 million) and its total liabilities exceed its total assets by Rs. 546.967 million (2011: Rs. 524.897 million) as at the balance sheet date. Furthermore, renewal of the brokerage license has not obtained by the Company due to inadequate net capital balance. These factors raise doubts about the Company being a going concern and, therefore, it may be unable to realize its assets and discharge its liabilities in the normal course of business.

However, the management considers that the going concern assumption used in preparation of these financial statements is appropriate and has following plans / arrangements to mitigate the uncertainties disclosed as under:

- The Company intends to issue further share capital and necessary formalities are in process in this regard.
- The Company is in the process of rescheduling of its financing arrangements with the lenders.

Keeping in view the above mitigating plans, these financial statements have been prepared on going concern basis.

Note 2 **Basis of Preparation** 

#### 2.1 Statement of Compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

#### 2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except to the extent of followings:

Employee retirement benefits (Gratuity) Investment in quoted companies

Note 16 Note 9

Present value Fair value

#### 2.3 Functional and presentation currency

The financial statements are prepared and presented in Pak Rupees which is the Company's functional and presentation currency. All the figures have been presented in Pak Rupees, unless otherwise stated.

#### 2.4 Use of estimation and judgments

The preparation of financial statements in conformity with IFRSs requires management to make judgments, estimates and assumptions that affect the application of policies reported amounts of assets, liabilities, income and expenses. The estimates and related assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. The estimates and related assumptions are reviewed on an ongoing basis. Accounting estimates are revised in the period in which such revisions are made.

Significant management estimates in these financial statements relate to the useful life of property and equipment, valuation of intangible assets and taxation. However, the management believes that the change in outcome of estimates would not have a material effect on the amounts disclosed in the financial statements.

#### Note 3

#### Amendments to Existing Standards and Forthcoming New Standards and Interpretations

International Accounting Standard Board (IASB) has made amendments into certain standards and further introduced new standards during the year. These standards are applicable to the financial statements of the Company covering annual period, beginning on or after the following dates:

#### 3.1 Amendments to published standards effective in current year and applicable to the Company

- IAS 24 Related Party Disclosures; the amendments simplify the disclosure requirements for government related entities and clarify the definition of a related party. The revised standard provides a partial exemption for government related entities but still requires disclosures that are important to users of financial statements and eliminates requirements to disclose information that is costly to gather and of less value to users.
- IAS 34 Interim Financial Reporting; the revised standard includes amendments in significant events and transactions.
- IFRS 7 Financial Instruments: Disclosures; its requirements have been further amended that facilitate the users of financial statements in evaluating risk exposures relating to transfers of financial assets and the effect of those risks on an entity's financial position. These requirements have increased the transparency in the reporting of transfer transactions, particularly those that involve securitization of financial assets.

#### 3.2 Amendments to published standards that are yet not effective and not early adopted by the Company

- IAS 1 'Presentation of Financial Statement' (Amendment). This amendment has been issued as part of annual improvements project and is applicable on accounting periods beginning on or after January 1, 2013. The amendment clarifies the disclosure requirements for comparative information when an entity provides a third balance sheet. When an entity produces balance sheet as required by IAS 8 'Accounting policies, changes in accounting estimates and errors' in which case the balance sheet should be as at the date of the beginning of the preceding period i.e. the opening position. No notes are required to support this balance sheet. When management provides additional comparative information voluntarily e.g. statement of profit and loss, balance sheet, it should present the supporting notes to these additional statements.
- IAS 16 'Property, plant and equipment' (Amendment). This amendment has been issued as part of annual improvements project and is applicable on accounting periods beginning on or after January 1, 2013. The amendment clarifies that spare parts and servicing equipment are classified as property, plant and equipment rather than inventory when they meet the definition of property, plant and equipment.
- IAS-19 'Employee Benefits': the amendments in the standard are effective for periods beginning on or after January 1, 2013. The amendments in the standard have eliminated the corridor approach resultantly recognizing the entire actuarial gains / losses in other comprehensive income as they are incurred. These amendments have also resulted in recognizing all the past service costs immediately and replaced the interest cost and expected return on plan assets with a net interest amount that would be calculated by applying the discount rate to the net defined liability / asset.

- IAS 32 'Financial instruments: Presentation' (Amendment). This amendment has been issued part of annual improvements project and is applicable on accounting periods beginning on or after January 1, 2013. Prior to the amendment, IAS 32 was ambiguous as to whether the tax effects of distributions and the tax effects of equity transactions should be accounted for in the income statement or in equity. The amendment clarifies that the treatment is in accordance with IAS 12. So, income tax related to distributions is recognized in the income statement, and income tax related to the costs of equity transactions is recognized in equity. The Company will apply this amendment from July 1, 2013.
- IAS 28 'Investments in Associates and Joint Ventures', Applicable to annual reporting periods beginning on or after January 1, 2013
- IFRS 12 'Disclosure of interests in other entities', effective for annual periods beginning on or after January 1, 2013.
- IFRS 13 'Fair value measurement', effective for annual periods beginning on or after January 1, 2013.
- IFRS 9 'Financial Instruments', Applies on a modified retrospective basis to annual periods beginning on or after January 1, 2015

#### Note 4

#### **Summary of Significant Accounting Policies**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently, unless otherwise stated.

#### 4.1 Property and equipment

Property and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost of property and equipment consists of historical cost, borrowing cost pertaining to the construction and erection period and directly attributable cost of bringing assets into working condition.

Depreciation is charged to income on reducing balance method at the rates specified in Note 5. Full month's depreciation is charged on additions during the month of addition whereas, no depreciation is charged on assets disposed off during the month of deletion. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and replacements are capitalized. Gains or losses on disposal of property, plant and equipment are included in the current year income.

#### 4.2 Intangible assets

This is stated at cost less impairment, if any. The carrying amount is reviewed at each balance sheet date to assess whether it is in excess of its recoverable amount, and where the carrying value exceeds estimated recoverable amount, it is written down to its estimated recoverable amount.

#### 4.3 Impairment

Carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any. The recoverable amount is the higher of fair value less costs to sell and value in use. In the absence of any information about the fair value, the recoverable amount is determined to be the value in use. Impairment losses are recognized as expense in the profit and loss account.

#### 4.4 Investments

The management determines the appropriate classification of its investment in accordance with the requirements of International Accounting Standards 39; 'Financial Instruments: Recognition and measurement and International Accounting Standard 28: Investments in Associates' at the time of purchase and re-evaluates this classification on a regular basis. Investments are categorized as follows:

#### 4.4.1 Investment in associates

The Company considers its associates to be such enterprise in which the Company has ownership of not less than twenty percent but not more than fifty percent of the voting power and / or has significant influence but not control. Investments in associates are accounted for on cost less impairment loss, if any.

Investments in associates are accounted for using the equity method less impairment loss. This method is applied from the date when significant influence is established until the date when that significant influence ceases. The Company's share of its associate's post-acquisition profits or losses is recognized in the profit and loss account and its share of post-acquisition movements in reserves is recognized in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Distributions received from an associate reduce the carrying amount of the investment. Investment in associate with less than 20% holding are classified under IAS 39; "Financial Instruments: Recognition and measurement".

#### 4.4.2 Other investments

Investments are initially recognized at cost, comprising the consideration paid and cost of transaction except in the case of investments at fair value through profit or loss where transaction costs are charged to the profit and loss account when incurred. For listed securities, closing quotations of stock exchanges on last working day of the accounting year are considered for determining the fair value, while for unquoted securities, cost is usually considered as fair value of securities.

Subsequently, investments at fair value through profit or loss and available for sale are carried at fair value. Realized gains and losses are included in the profit and loss account in the period in which they arise. Unrealized gains and losses arising from changes in fair value of the investments at fair value through profit or loss are included in the profit and loss account in the period in which they arises. Surplus / deficit arising from changes in the fair value of available for sale investments is taken to equity. Interest earned whilst holding investments is reported as interest income using the effective yield method.

The classification is made on the basis of intended purpose for holding such investments. These are measured at the balance sheet date in accordance with the requirements of IAS - 39 (Financial Instruments: Recognition and Measurement) described as under:

At fair value through profit or loss

These are securities which are acquired for the purpose of generating a profit from short-term fluctuations in market price or dealer's margin, securities in a portfolio in which a pattern of short term profit taking exists or derivatives other than those held as hedging instruments.

Held to maturity

Held to maturity investments are financial assets with fixed or determinable payments and fixed maturities that the Company's management has the positive intention and ability to hold to maturity.

Available for sale

These are the investments that do not fall under investments at fair value through profit or loss or held to maturity categories.

#### 4.5 Assets held for sale

These are valued at lower of its carrying amount and fair value less cost to sell.

#### 4.6 Cash and cash equivalents

Cash and cash equivalents are carried at cost. For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand and cash with banks in current and saving accounts.

#### 4.7 Trade date accounting

All purchases and sales of investments that require delivery within the time frame established by regulation or market convention ('regular way' purchases and sales) are recognized at trade date, which is the date that the Company commits to purchase or sell the asset. All other purchases and sales are recognized as derivative forward transactions until settlement occurs.

#### 4.8 Sale and repurchase agreements

Securities purchased under agreements to resell ('reverse repo) are shown as receivable against continuous funding system. Securities sold subject to a linked repurchase agreement ('repo') are retained in the financial statement as trading or investment securities and the counter party's liability is retained in the financial statements as trading or investment securities and the counter party liability is included in borrowing under repurchase agreements. The difference between sale and repurchase price is treated as income / expense from continuous funding system.

#### 4.9 Staff retirement benefits

The Company operates an unfunded gratuity scheme covering its permanent employees. Under this scheme employees are eligible for benefits after the completion of a prescribed qualifying period of service and gratuity is paid to retiring employees on the basis of their last drawn gross salary for each completed year of services, calculated from the start of service to the date of retirement. Company's obligation under the scheme is determined through actuarial valuations carried out under the "Projected Unit Credit Method". Latest actuarial valuation has been carried out as at June 30, 2012.

#### 4.10 Taxation

Income tax on the profit or loss for the year comprises current tax. Income tax expense is recognized in the profit and loss account except to the extent that relates to items recognized directly in equity, in which case it is recognized in equity.

#### Current

Charge for current tax is based on taxable income for the year determined in accordance with the prevailing law for taxation of income. All tax credits and tax rebates have been taken into account in calculating this charge. However, in the case of loss for the year, income tax expense is recognized as minimum tax liability on turnover of the Company in accordance with the provisions of the Income Tax Ordinance, 2001.

#### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets, are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. There are no significant temporary difference as at the balance sheet date, therefore, no deferred tax liability / asset arises.

#### 4.11 Trade and other payables

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid or given in future for goods and services received or to be delivered or for any other amount, whether or not billed to the Company.

#### 4.12 Provisions

A provision is recognized in the balance sheet when the Company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation of which a reliable estimate can be made.

#### 4.13 Financial instruments

Financial instruments are recognized in the financial statements when the Company becomes a party to the contract and ceases to recognize when it loses control of contractual rights, in case of financial assets, and in case of financial liability when liability is extinguished. Any gain or loss on subsequent remeasurement / derecognizing is charged to income.

#### 4.13.1 Financial assets and liabilities

Financial instruments carried on the balance sheet include advances to be settled against cash or any other financial asset, investments, cash and bank balances and trade and other payables. Particular recognition methods adopted are disclosed in the individual policy statements associated with each item.

#### 4.13.2 Derivative financial instruments

Derivative financial instruments are recognized at their fair value on the date on which a derivative contract is entered into. Subsequently, any changes in fair values arising on marking these investments to market are taken to the profit and loss account. Fair values are obtained from quoted market prices in active markets.

#### 4.13.3 Off-setting of financial assets and financial liabilities

A financial asset and financial liability is offset and the net amount is reported in the balance sheet if the Company has a legally enforceable right to set-off the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

#### 4.14 Borrowing cost

Borrowing cost are charged to income as and when incurred except costs that are directly attributable to acquisition, construction or production of qualifying assets that are capitalized as part of the cost of assets.

#### 4.15 Related party transactions

Transactions with related parties are based on the transfer pricing policy that all transactions between the Company and the related party or between two or more segments of the Company are at arm's length prices using the comparable uncontrolled price method except in circumstances where it is in the interest of the Company not to do so.

#### 4.16 Revenue recognition

- Brokerage income is recognized as and when such services are provided.
- Capital gains and losses on sale of investments are recorded on the date of sale.
- Underwriting commission is recognized when the agreement is executed.
- Dividend income is recognized when the right to receive payment is established.
- Return on deposits is recognized on accrual basis.

#### 4.17 Dividends

Dividend distribution including stock dividend to the shareholders is accounted for as a liability in the period in which dividends are approved.

Segment Reporting

For management purposes, the activities of the Company are organized into one operating segment. The Company operates in the said reportable operating segment based on the nature of products, risks and returns, organizational and management structure and internal financial reporting systems. Accordingly, the figures reported in these financial statements relate to the Company's only reportable segment.

Note 28

#### **Financial Risk Management**

#### 28.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management policies focus on the unpredictability of financial markets and seek to minimize potential adverse effects on the financial performance.

Risk management is carried out by the Board of Directors (The Board). The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk and liquidity risk.

#### (a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign currency, interest rate, commodity price and equity price that will affect the Company's income or the value of its holdings of financial instruments.

#### (i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies. The Company is not exposed to currency risk as it does not have any foreign receivables and payables.

#### (ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. Presently, daily stock market fluctuation is controlled by government authorities with cap and floor of 5%. The restriction of floor prices reduces the volatility of prices of equity securities and the chances of market crush at any moment. The Company manages price risk by monitoring the exposure in quoted equity securities and implementing the strict discipline in internal risk management and investment policies. The Company is exposed to equity price risk in respect of short term investments amounting to Rs. 6.177 million (2011: 5.085 million) in quoted companies.

Detail of industrial sector analysis of the short term quoted investments are as follows:

	2012		2011	
	Rupees in thousands	%	Rupees in thousands	%
Textile	5,559.44	90.00	4,065.94	79.96

Chemicals	351.50	5.69	691.50	13.60
	6,177.16	100.00	5,084.81	100.00

#### Sensitivity analysis

A change of 5% in the value of investments at fair value through profit or loss would have increased / decreased profit or loss by Rs. 0.390 million (2011 : Rs. 0.575 million) on the basis that all other variables remain constant.

#### Fair value hierarchy

Financial instruments carried at fair value are categorized as follows:

Level 1 Quoted market prices
Level 2 Valuation techniques (market

Level 2 Valuation techniques (market observable)
Level 3 Valuation techniques (non market observable)

The company held following financial instruments measured at fair value:

		2012

	11,497	5,085	1,412	5,000
(iii) Interest rate rick				

#### (iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no significant long-term interest-bearing asset. The Company's interest rate risk arises from short term borrowings. As the borrowings are at variable rates, these expose the Company to cash flow interest rate risk.

At the balance sheet date the interest rate profile of the Company's interest bearing financial instruments was:

	2012	2011
Floating rate instruments	Rupees in t	housands
Financial liabilities		
Short term borrowings	107,941	107,941
Financial assets		
Bank balances - saving accounts	42	50

#### Cash flow sensitivity analysis for variable rate instruments

If interest rates at the balance sheet date, fluctuate by 1% higher / lower with all other variables held constant, net loss for the year would have been Rs. 1.080 million (2011: Rs. 1.089 million) higher / lower mainly as a result of higher / lower interest expense on floating rate borrowings. This analysis is prepared assuming the amounts of liabilities outstanding as at balance sheet date were outstanding for the whole year.

#### (b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Carrying amounts of financial assets represent the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2012	2011
	Rupees in th	ousands
Long term deposits	1,055	4,055
Advances and other receivables	182	667
Short term investments	12,810	11,497
Bank balances	2,005	1,679

The credit quality of cash and bank balances that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

#### (c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Company manages liquidity risk by maintaining sufficient cash and the availability of funding through committed credit facilities. Following are the contractual maturities of financial liabilities, including interest payments.

Contractual maturities of financial liabilities as at June 30, 2012:

	Carrying Amount	On Demand	Contractual Cash Flows	Within 1 Year	1-2 Years	2-5 Years

#### 28.3 Fair values of financial assets and liabilities

Carrying values of all financial assets and liabilities reflected in the financial statements approximate to their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

#### Note 29

#### **Capital Risk Management**

While managing capital, the objectives of the Company are to ensure that it continues to meet the going concern assumption, enhance shareholders' wealth and meets stakeholders' expectations. The Company ensures its sustainable growth viz. maintaining optimal capital structure, keeping its finance cost low, exercising the option of issuing right shares or repurchase shares, if possible, selling surplus property without affecting the optimal operating level and regulating its dividend payout thus maintaining smooth capital management.

In line with others in the industry, the Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non current) less cash and cash equivalents. Total capital is calculated as equity as shown in the balance sheet plus net debt. Gearing ratio has not been worked out owing to negative equity as at the balance sheet date.
